

BEING FLAT RAP

By Willi Rose

Being Flat is where its at

You disappear when you turn around

Front and back, now sides allowed

Do you understand?

Let me expound.

Three dimensions give you depth and width.

It's easy to walk around.

Two dimensional is not conventional

So, be careful you don't fall down!

Two-Two-Two-Two-Two Dimensional

Flat is where its at!

Two-Two-Two-Two-Two Dimensional

The big black cat sat on the hat!

Two-Two-Two-Two-Two Dimensional

The hat was flat and that was that!
